KREA: A GREAT DEBUT

Krea is the ideal solution for small/medium hotels, reception areas and locations where quality coffee, reliability and contemporary design are paramount. Benefitting from Necta's latest espresso brewing and instant freemix technology you can expect the best quality drinks all day long.

The modern and elegant design is highlighted by the LED lights, chromium-plated selection buttons and striking side panels. In addition, the perfectly balanced coffee hopper and waste container capacities guarantee the highest level of operational efficiency.

USER INTERFACE

- 10 direct selection buttons
- LED lighting of the user interface with the option to change the light colour (default is blue)
- LED lit cup station area

TECHNICAL INNOVATIONS

Krea is the first tabletop Necta model which uses the latest technical innovations for drink creation, including:

- Z4000 coffee brewer for quality espresso every time
- Compact 600cc espresso brewer
- New Freemix instant technology making the very best drink from your instant ingredients
- Dosers and mixers with programmable speed allowing full control over the drink creation process
- New single powder canisters which are easy to fill and remove

ELECTRONICS

- Advanced implementation of MDB protocol
- Compatible with Giga software to create and upload settings

ACCESSORIES

- Cabinet versions: Unequipped, Equipped and Pre-arranged for changegiver
- Water tank kit
- Door for delivery area
- Payment side module
